

Repair solutions

Supply source program

Sedgwick's supply source program enhances the buying power of our nationwide contractor network. By partnering with manufacturers, distributors and retailers, we are able to offer a value-added program to help you save on the products and services you use every day.

Benefits for contractors

Sedgwick offers customized managed repair, restoration and mitigation services through our network of certified local, regional and national contractors.

Our supply source program provides several advantages for your business and supports mutually beneficial relationships between you and our sponsor partners.

Contractors working with Sedgwick's repair solutions team are automatically enrolled in the program, and there is no additional membership fee or cost to participate.

Our partner companies offer products and services frequently used for projects. Program benefits include:

- Discounted pricing
- Assistance with large bids
- Priority service
- Savings that help improve your bottom line and P&L results

About Sedgwick

For over 50 years, Sedgwick has developed innovative risk and benefits solutions that exceed our clients' expectations. We offer a broad range of resources tailored to our clients' specific needs in casualty, property, marine, benefits and other lines.

Our expert team ensures we provide consistent, top-quality repair and restoration solutions by identifying and credentialing the best resources in the industry. Through our managed repair network, we provide many types of commercial and residential services such as water, fire and smoke restoration, construction and remodeling, mold remediation, and roofing, siding and gutter repairs.

To provide the best possible services, we rely on quality contractors in various trades nationwide. When you join our managed repair network, you become part of an exclusive network that sets your business apart from the competition.

Contact Sedgwick today to learn more about our supply source program.
